Circular No. 3 *P. W., dated 7th October* 1913.

It has been noticed that a sufficient number of copies of the Public Works Department Code are not kept in the Public Works Divisional offices. This is an essential book of reference in a Divisional office and at least three copies of it should be kept in each such office, as one copy will be required for the use of the Executive Engineer, another for the accountant and the third for the rest of the office. If the required number of copies of the latest edition of the Code is not already kept, the Executive Engineers are requested to purchase them immediately and see that they are always kept corrected up to date.

S. RAMASWAMI AIYANGAR,
Offg. Asst. Examiner, P. W. & Ry. Branch.
